

**NIRMALA CONVENT SCHOOL SILIGURI**  
**CHILDREN'S DAY 2020**  
**A VIRTUAL CELEBRATION**

*"No distance too far, no obstacle so great to stop us from making the day special for you"*

**13<sup>TH</sup> NOVEMBER, 2020**

Children's day is one of the most awaited occasions for the children in our country. It is celebrated every year on 14<sup>th</sup> November, on the occasion of the birth anniversary of independent India's first **Prime Minister Pt. Jawaharlal Nehru** who is remembered to have loved children who fondly addressed him as '**Chacha Nehru**'.

**Nirmala Convent School** celebrated Children's Day on 13<sup>th</sup> November with great joy and exuberance. Amidst the varied conjectures made by the students regarding the celebration, a virtual invitation was sent just a day before as the teachers wanted to make it a lovable surprise to their students. Students were cordially invited to join the celebration via zoom.

The event was held in three sessions which were commenced with a short **Prayer Service** conducted to invoke the blessings of God upon our students by our dear Sisters.

**Our dear Principal Sr. Valsa** conveyed her warm wishes to the students and showered her blessings upon them. The event was graced by the precious presence of our beloved Sisters from the Convent.

**The first session** was commenced at **9:00 A.M.** for the students of classes **nursery to VI** simultaneously.

**The second session** was commenced at **10:30 A.M.** for the students of classes **VI, VIII & XI**

**The third session** was commenced at **12:00**

**P.M.** for the students of classes **IX, X & XII**

The three sessions were held in eight different groups, hosted and co-hosted by their respective class teachers. Besides, the event was backed by a team of teachers and Techvein team members to provide technical support to each group which was carried out efficiently.

**AFTER THE PRAYER SERVICE THERE WAS A LIVE STREAMING OF A SERIES OF PROGRAMMES WHICH WAS A COMPLETE PACKAGE OF LAUGHTER, ENTERTAINMENT AND EMOTIONS.**

### **Eastern Dance**

As the much awaited proposal came from our Sister Principal, discussions perked up with thoughtful suggestions amongst the colleagues. A compilation of Eastern dance as one of the virtual programmes was designed for our dear students as a surprise gift on their special day. Short videos of dance performances on some of the best of **Bollywood numbers** were compiled and presented. It was a great pleasure to watch the students enjoying it.

### **ADULT JUVENILE- A short film**

No cultural programme is complete without the rib-tickling dramatisation of a situation, as humour is integral to the entertainment. In course of the meeting it was decided to have a skit. No educator will leave the stone unturned to drive home a message to the students and understandably a short film entitled '**Adult Juvenile**' was planned with the theme '**one is never old to learn**'. The plot was made engrossing with Indian restaurateur- Curry King, Balinder Singh, a budding scientist- Tom Einstein, a singer- Rocky the rockstar, the Scamster Brothers and a gangster's moll Monjolica coming back for education despite being in their chosen profession. They realised the pit falls of trying to be successful in the world without the support of education. All of them score high in the admission process and are welcomed wholeheartedly to join school for their desire to relearn.

### **WESTERN DANCE**

Children's Day celebration means fun and frolic for children but it is incomplete if they miss to see their most awaited event i.e. a dance by their teachers. So to make this virtual children's day celebration a memorable one as well as to make them feel super special, the teachers decided to put up a dance presentation which was a compilation of songs taken from one of the most **entertaining** and **legendry actor, Govinda**. We were elated to see our children buzzing with excitement and joy at the end of the show.

### **MUSICAL EVENTS**

In order to make the day special and for complete entertainment, a series of exciting events was meticulously planned, one of which was a medley of old and new songs. The teachers poured their love upon their students by recording the videos of their songs done. Apart from this there were solo presentations too. The songs like ' Jeevan ke din chhote sahi, hum bhi bade dil wale' mesmerised our lovely audience. One of the teachers, on the other hand played the violin to the tune of '**Vande Matarm**', which was a real treat to every audience's ears.

### **A SHORT VIDEO PRESENTATION**

A short video was presented to remind us of the good times so as to help us get over the tough days. Taking care of all the lovely moments our dear students are missing, we tried to capture all the beautiful moments from the past to take them down the memory lane. We presented a glimpse of the school premises because we aren't unaware of the fact that this is the place that the students are missing the most at this moment, as Lon Watters has rightly said, "a school is a building that has four walls with tomorrow inside."

ADULT JUVENILE- A short film

An event like this, particularly during this pandemic, cannot be materialised overnight. The celebration was successful with the invaluable encouragement, support and guidance given by our respected Principal and all our beloved Sisters. We have been fortunate enough to be backed by a team of enthusiastic and dedicated staff of our institution. A special mention to team Techvein for their unfailing technical support. The happy faces of the children and their ecstatic response overwhelmed us. It was indeed thrilling to see them enjoy the programme as much as we enjoyed putting it up for them.
